Farmers Bank of Stover
Stover, Missouri

Gentlemen:

It has become known that the Farmers Bank of Stover owns the Scenic Mobile Home Park, 2730 West Bennett, Springfield, Missouri. This mobile home park is connected to the Springfield sanitary sewer system for which I am responsible.

It has come to my attention that the private sewer serving this development is either improperly constructed or is in need of repair because it allows stormwater to flow into our sanitary sewer system. This is a violation of our plumbing code.

It seems that an end of the sewer (which was to be used for expansion of the mobile home court) was either not plugged as it should have been or the plug has been removed. This sewer is located at the southwest corner of the court and it is covered with what appears to be demolition material.

This problem must be corrected within thirty (30) days of receipt of this letter. If you have any questions or wish to discuss this matter with me, please let me know.

Very truly yours,

Robert R. Schaefer

Robert R. Schaefer, P.E.
